

Dr Mario Guerrieri

MBBS FRANZCR

Radiation Oncologist

Dr Mario Guerrieri has been part of Radiation Oncology Victoria (ROV) since 2004 and GenesisCare since it amalgamated (with ROV) in 2011.

Mario has been instrumental in setting up brachytherapy services in the Western Suburbs of Melbourne for the treatment of prostate cancer in 2008. Mario is closely aligned with and attends the multidisciplinary meetings at Western Health, the Royal Melbourne Hospital, Australian Prostate Centre and the Epworth Freemasons Hospital. Working closely with his breast surgical colleagues, he has also helped introduce a radiotherapy protocol to optimise breast cancer local control rates and improve cosmetic and patient reported outcomes in those women requiring a mastectomy and reconstruction.

Mario has also been active in the delivery of stereotactic radiation therapy at our GenesisCare Footscray centre for the treatment of early lung cancers, as well as for the treatment of intracranial and bony metastases with minimal toxicity. Mario consults at Western Private Hospital Footscray, St Vincent's Hospital Fitzroy, Cabrini Hospital Malvern and has recently commenced consulting at St Vincent's Private Hospital Werribee.

PRACTICE DETAILS:

St Vincent's Private Hospital
Werribee
240 Hoppers Lane
Werribee VIC 3030
